## About this Codebook

This reference guide is intended for users of the Report Card Data held on the NB-IRDT secure platform. This codebook provides an overview of the data, as well as important technical information. It contains academic information on students from Kindergarten to Grade 12 in the Anglophone Sector in New Brunswick.

This data product is provided 'as is,' and NB-IRDT makes no warranty, either express or implied, including but not limited to warranties of merchantability and fitness for a particular purpose. In no event will NB-IRDT be liable for any direct, special, indirect, consequential or other damages, however caused.

## Overview

Report Card Data provides academic information on students enrolled in public schools in New Brunswick between the 2016/2017 and 2018/2019 academic years. The database includes academic information such as course name and description, grade level, academic year, report card mark, and term, as well as whether a course was modified or individualized for a student.

## Sample Universe

Report Card Data captures students who attended public school(s) (elementary, middle, and/or high school) in New Brunswick during the 2016/17 - 2018/19 academic years. Records are generated per student and academic year and are derived directly from the Department of Education and Early Childhood Development (EECD).

## Date Range

2016/2017-2018/2019 (Academic Years)

## Data Source

Department of Education and Early Childhood Development (EECD)

## About this Product

### Purpose of the Product

The purpose of the Report Card Data (Anglophone Sector) codebook is to provide information on the linkable administrative data on New Brunswick public school students held at the New Brunswick Institute for Research, Data and Training (NB-IRDT). This data is accessible to researchers and is particularly relevant for education research.

### Content

The Report Card Data database contains two tables (data sets):

- 1) Elementary School and Middle School
- 2) High School

### Using with Other Products

**PD0074 – Student Demographics (Student Level Data)** – The Student Demographics (Student Level Data) Database contains basic demographic information on students enrolled in public schools in New Brunswick, such as gender and community of residence, as well as academic information, including school name, grade level, program of study, and year of enrolment. Linking Student Demographics with Report Card Data may provide insights into academic performance disaggregated by demographic characteristics.
